Title: Nutrition and cancer: A review of the evidence for an anti-cancer diet

Authors:

Michael S Donaldson (michael@hacres.com)

Version: 3 **Date:** 13 October 2004

Author's response to reviews:

Here are the details of the revision:

1. Title: Removed unnecessary capitalisation in the file and in the submission system.
2. Removed PhD from name.
3. Included USA for country affiliation.
4. Removed all tracked changes by accepting changes and making sure manually that the manuscript agreed with what I previously submitted. I checked the tracking system and it said there were no more tracked changes found in the manuscript.
5. Fixed the EndNote 8 Nutrition J style to include all named authors.
6. Removed issue numbers from Nutrition J style in EndNote 8.
7. Removed the list of tables.

Note: Reference formatting done with EndNote 8.
