### Reviewer's report:

General

I am very satisfied with the answers provided by the authors.

---

Major Compulsory Revisions (that the author must respond to before a decision on publication can be reached)

---

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

---

Discretionary Revisions (which the author can choose to ignore)

**What next?:** Accept without revision

**Level of interest:** An article whose findings are important to those with closely related research interests

**Quality of written English:** Acceptable

**Statistical review:** No, the manuscript does not need to be seen by a statistician.
