

Reviewer's report

Title: Rye whole-meal bread does not alter postprandial blood glucose response or gastric emptying in healthy subjects: a randomized blinded controlled trial

Version: 1 **Date:** 25 March 2009

Reviewer: Stig Bengmark

Reviewer's report:

1. Is the question posed by the authors new and well defined? Yes!
 2. Are the methods appropriate and well described, and are sufficient details provided to replicate the work? Yes!
 3. Are the data sound and well controlled? Yes!
 4. Does the manuscript adhere to the relevant standards for reporting and data deposition? Yes!
 5. Are the discussion and conclusions well balanced and adequately supported by the data? Yes!
 6. Do the title and abstract accurately convey what has been found? Yes!
 7. Is the writing acceptable? Yes!
- Major Compulsory Revisions The authors have a tendency to generalize their conclusions to dietary fibres in general. Conclusions can only be made to the dietary fibres investigated. This must necessarily be changed.
