Title: Measurement and definition of obesity: a field guide for the uninitiated

Version: 1 **Date:** 11 June 2007

Reviewer: Demosthenes Panagiotakos

Reviewer's report:

General

Minor Essential Revisions (such as missing labels on figures, or the wrong use of a term, which the author can be trusted to correct)

I strongly suggest to reduce it, giving only the basic information needed, and to add some Tables in order to increase the readability of the manuscript.

What next?: Accept after minor essential revisions

Level of interest: An article whose findings are important to those with closely related research interests

Quality of written English: Needs some language corrections before being published

Statistical review: Yes, and I have assessed the statistics in my report.
